

## Optional accessories

### A 1105 Barcode scanner

Barcode scanner for identification of barcode labelled appliances.

### S 2012 Continuity test lead, 10 m, 2 pcs (red, black)

2 pieces of extension test lead for continuity measurements.

### A 1017 Communication cable RS232

RS232 interface cable for connecting the instrument with the PC.

### S 1072 Continuity test lead with crocodile clip, 2 x 2.5 m, 2 pcs

Extension test leads with protection shield and with crocodile clips for continuity testing with

### A 1060 Power splitter for discharge time measurement

T-type power splitter for measurements of discharge time on machinery and switchgear.

### S 1058 Continuity test lead, 2 x 10 m, 2 pcs

Extension test leads for continuity measurements.

### A 1458 microSD card reader

Move data between your computer and memory card with memory card reader.

### A 1460 CE Adapter

Provides a thorough and expeditious solution in the execution of auto tests via a single test

### A 1495 Remote control pedal

Remote control pedal is used for safe remote start of high voltage insulation test and

### A 1496 Warning lamp / 2-LED signal tower HV

Warning lamps visually signalize ongoing HV insulation test and warn the user about

### A 1497 Warning lamp / 4 LED's signal tower with buzzer

Colour - LED signal tower with build-in buzzer visually and acoustically signalizes ongoing tests

### A 1499 External power supply 24V

If the LED tower lamp is used in combination with CE MultitesterXA the external power supply

### A 1511 tip commander 5 m

Tip commander serves as a remote control for execution of passive tests, has a built in LED

### A 1521 USB isolator

It is intended as galvanic insulation of USB interface between our products and PC to

### A 1560 Burn Link adapter

For performing insulation breakdown test with limited breakdown current "30mA".

### S 2073 HV test lead 5m, without pistols

High voltage extension test leads for measurements on larger electrical equipment.

### S 2078 HV test lead 2m, with pistols, 2pcs

High voltage test leads with pistols for measurements on larger electrical equipment.
